EMPLOYMENT HISTORY

INTERACTIVE DIRECTOR EPISODE49 - CHATTANOOGA, TN 2009 - PRESENT

Oversaw the front-end production of many local, regional, and national websites. Took lead on designing a variety of sites, including a nationwide restaurant chain. Worked with the design and development team to create a fluid implementation process. Implemented the UI for a dynamic, custom content manager. Developed and managed a library of javascript plugins used throughout projects to create captivating user experiences.

SENIOR DESIGNER LOGIC MARKETING / BASENINE - CHATTANOOGA, TN 2006 - 2009

Began in a multi-role position as a designer and back-end PHP developer. Redesigned major nationwide website which resulted in a significant increase in traffic and over 40% increase in conversions. Designed interactive ads for major online advertising networks. Helped produce nationwide online commercials. Developed back-end components of a complicated call center software to increase productivity. Responsible for hiring and managing team of designers, front-end developers and copywriters.

ART DIRECTOR/PARTNER INTERACTIVE ID - COLLEGEDALE, TN 2005 - 2006

Formed Interactive ID with two business partners to provide local, regional, and global businesses affordable and high quality design services, focusing on online media. Worked closely with clients to create engaging, brand focused websites. Designed and programmed front-end functionality for many websites as well as assisted partners with PHP development. Maintained Linux server for over 100 websites. Managed relationships with freelance designers, directing them towards clients needs.

ART DIRECTOR THE WEBPROS - COLLEGEDALE, TN 2003 - 2005

Joined university run company full-time after developing a freelance relationship. Designed multiple websites and print collateral for university departments and local businesses. Lead a team of developers to create a custom-built content manager system which is still in use for many clients. Refined workflow to increase productivity and communications between company departments.
